**RE:** Site Response Action Status Report – June 1 through June 30, 2015  
Former Tidewater Facility  
Pawtucket, Rhode Island  
RIDEM Case No. 95-022

---

The following summarizes response actions completed at the above-referenced site for the period June 1, 2015 through June 30, 2015, as well as planned activities.

## SITE ACTIVITIES PERFORMED

- Performed Site visits to document security conditions and sheen observations, if present.
- Mobilized and began demolition activities associated with three on-Site buildings (the former machine shop, purifier house and the meter room) in June 2015. A fact sheet describing the demolition work was sent to the email distribution list on June 9, 2015. This information has also been posted to National Grid's Tidewater website ([www.tidewatersite.com](http://www.tidewatersite.com)).

## FUTURE RESPONSE ACTION WORK/SCHEDULE

- Continue quarterly NAPL monitoring and recovery and limited soil gas sampling. The next event is scheduled for July 2015.
- Continue Site visits to document security conditions and sheen observations.
- Continue demolition activities associated with three on-Site buildings (the former machine shop, purifier house and the meter room). National Grid will have a representative on-site who will monitor the work and conduct air monitoring throughout the demolition project. The air monitoring will be consistent with the site-specific, Rhode Island Department of Environmental Management (RIDEM)-approved Air Quality Monitoring Plan that includes a two-tiered approach during intrusive activities. The work is anticipated to be complete by August 28<sup>th</sup>.

Please call me if you have any questions at 401-421-4140 Ext. 2719 or Michele Leone at 401-784-7337.
