Providence, Rhode Island 02908

**SELF-CERTIFICATION FOR CORE FOREST DETERMINATION**

*Please use this form to self-certify that a proposed renewable energy project will be installed on the rooftop of an existing structure or has a nameplate capacity equal to or less than 25 kilowatts. Completion of this form relieves the applicant of the requirement to obtain a Core Forest Determination from DEM. This form must be signed by the installer of the proposed system and submitted to Rhode Island Energy as part of the larger application package for Net Metering or Renewable Energy Growth.*

---

I, \_\_\_\_\_, hereby certify that the proposed renewable energy project located at \_\_\_\_\_, in the city/town of \_\_\_\_\_ is a rooftop project and/or has a nameplate capacity equal to, or less than, 25 kilowatts (kWDC).

Company name: \_\_\_\_\_

Project name: \_\_\_\_\_
