Dear Ms. Leone:

Thank you for contacting the International Charter School (ICS) with updated information and timeline of services scheduled to commence on August 22, 2011. Although Dr. Julie Nora is away on vacation and unable to respond, we wanted to acknowledge receipt of the letter and thank you for keeping us abreast of the process.

Our first day of school for students at ICS will be on Wednesday, August 31 and we are hopeful that the proposed limited field activities will be completed prior to this date to avoid any disruptions to the beginning of the school year.

We look forward to continue collaborating with you. Please feel free to contact us should you have any questions or concerns.

Sincerely,

Darlene Pugnali
Assistant Director
