Subject: Upcoming Site Response Action Report – Week of November 28, 2011
Former Tidewater Facility

On behalf of National Grid, the following summarizes response actions expected to be performed at the above-referenced site during the week of November 28, 2011.

SITE ACTIVITIES TO BE PERFORMED

- Complete site observation walk;
- Remove sections of clean above ground piping located within the Former Gas Plant Area portion of the Site;
- Complete restoration associated with natural gas regulator station upgrade; and
- Continue air monitoring during earthwork activities in accordance with the April 2011 Air Quality Monitoring Program (AQMP).

During and subsequent to the completion of the excavation work, certain above-ground activities (i.e., no excavation work) associated with the regulator station upgrades will be performed at the site.

Please contact me at 401-421-4140 Ext. 2719 if you have any questions or comments.
