DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF COMPLIANCE & INSPECTION**

IN RE: Diane Norbert Bavasso

FILE NO.: OCI-OWTS-14-283

NOTICE OF VIOLATION

A. Introduction

Pursuant to Sections 42-17.1-2(21) and 42-17.6-3 of the Rhode Island General Laws, as amended, (“R.I. Gen. Laws”) you are hereby notified that the Director of the Department of Environmental Management (the “Director” of “DEM”) has reasonable grounds to believe that the above-named party (“Respondent”) has violated certain statutes and/or administrative regulations under the DEM's jurisdiction.

B. Administrative History

On 5 August 2014, the DEM issued a written final informal notice to The Estate of Normand S. Norbert, Jr. (“Estate”) regarding the property that is the subject of this Notice of Violation (“NOV”). A previous informal notice was sent to the Estate on or about 10 June 2011. The final informal notice advised the Estate that the property was serviced by a cesspool, and in accordance with the Rhode Island Cesspool Act, he must connect to public sewers by 1 January 2014 or, if public sewers are not available, submit an onsite wastewater treatment system (“OWTS”) application to the DEM and install the system within 1 year of the DEM’s approval. On 7 November 2011, the DEM received a written certification from the Estate that the property has a cesspool and is in an area subject to the Act. The Estate failed to comply with the final informal notice. On 9 January 2015, the DEM issued an Expedited Citation Notice (“ECN”) to the Estate that included an administrative penalty of \$200. The ECN required the Estate to connect to public sewers within 30 days or, if public sewers are not available, submit an OWTS application to the DEM and install the system within 1 year of the DEM’s approval. As of the date of the NOV, Respondent has failed to comply with the ECN.

C. Facts

- (1) The property is located at 35 Breach Drive, Assessor’s Plat 143, Lot 19 in the Town of Westerly, Rhode Island (the “Property”).
- (2) Respondent owns the Property.
- (3) On 7 November 2011, the DEM received a written certification from the Estate that the Property has a cesspool and is in an area subject to the Rhode Island Cesspool Act.
- (4) The cesspool is located within 200 feet of the inland edge of a shoreline bordering a tidal water (corresponding to the jurisdiction of the Rhode Island Coastal Resources Management Council).

- (5) As of the date of the NOV, Respondent has failed to either connect the plumbing for the dwelling on the Property to the public sewers or submitted an OWTS application to the DEM.

D. Violation

Based on the foregoing facts, the Director has reasonable grounds to believe that you have violated the following statutes and/or regulations:

- (1) **R.I. Gen Laws Section 23-19.15-6 (b)(3)** – prohibiting the use of cesspools and requiring by 1 January 2014 the proper abandonment of cesspools located within 200 feet of a public drinking water well, or within 200 feet of the inland edge of a shoreline bordering a tidal water area (corresponding to the jurisdiction of the Rhode Island Coastal Resources Management Council), or within 200 feet of a surface drinking water supply.
- (2) **DEM’s Rules Establishing Minimum Standards Relating to Location, Design, Construction and Maintenance of Onsite Wastewater Treatment Systems (the “OWTS Regulations”), Rule 53.3.3** – requiring by 1 January 2014 the proper abandonment of cesspools located within 200 feet of a public drinking water well, or within 200 feet of the inland edge of a shoreline bordering a tidal water area (corresponding to the jurisdiction of the Rhode Island Coastal Resources Management Council), or within 200 feet of a surface drinking water supply.

E. Required Actions

Based upon the violations alleged above, the following actions are required for you to comply with the above-referenced statutes or regulations:

- (1) If public sewers are available, **within 30 days of receipt of the NOV**, connect the plumbing for the dwelling to the public sewerage system and properly abandon the cesspool in accordance with Rule 52 of the DEM’s OWTS Regulations.
- (2) If public sewers are not available, **within 30 days of receipt of the NOV**, retain a licensed OWTS designer and have the licensed OWTS designer submit a formal application and plan to the DEM to replace the cesspool in accordance with the DEM’s OWTS Regulations (the “Application”). The list of licensed OWTS designers can be obtained by contacting Deb Knauss at 222-4700, Ext. 7612 or from the DEM’s web page at:
www.dem.ri.gov/programs/benviron/water/licenses/isds/pdfs/deslist.pdf.

- (3) The Application shall be subject to the DEM's review and approval. Upon review, the DEM shall provide written notification to you either granting formal approval or stating the deficiencies therein. Within 7 days (unless a longer time is specified) of receiving a notification of deficiencies in the Application, you must submit to the DEM a modified proposal or additional information necessary to correct the deficiencies.
- (4) **Within 120 days of the DEM's approval of the Application**, complete all work in accordance with the approval as evidenced by the issuance of a Certificate of Conformance by the DEM.

F. Penalty

- (1) Pursuant to R.I. Gen. Laws Section 42-17.6-2, the following administrative penalty, as more specifically described in the attached penalty summary and worksheets, is hereby ASSESSED, jointly and severally, against each named respondent:

\$4,000

- (2) The proposed administrative penalty is calculated pursuant to the DEM's *Rules and Regulations for Assessment of Administrative Penalties*, as amended, and must be paid to the DEM within 30 days of your receipt of the NOV. - (3) Penalties assessed against Respondent in the NOV are penalties payable to and for the benefit of the State of Rhode Island and are not compensation for actual pecuniary loss.
- (4) If any violation alleged herein shall continue, then each day during which the violation occurs or continues shall constitute a separate offense and the penalties and/or costs for that violation shall continue to accrue in the manner set forth in the attached penalty summary and worksheets. The accrual of additional penalties and costs shall be suspended if the DEM determines that reasonable efforts have been made to comply promptly with the NOV.

Laws Chapters 42-17.1, 42-17.6, 42-17.7 and 42-35, each named respondent is entitled to request a hearing before the DEM's Administrative Adjudication Division regarding the allegations, orders and/or penalties set forth in Sections B through F above.
