FILE NO.: Dam State I.D. 649

NOTICE OF VIOLATION

A. Introduction

Pursuant to Sections 42-17.1-2(21) and 42-17.6-3 of the Rhode Island General Laws, as amended, (“R.I. Gen. Laws”) you are hereby notified that the Director of the Department of Environmental Management (the “Director” of “DEM”) has reasonable grounds to believe that the above-named parties (“Respondents”) have violated certain statutes and/or administrative regulations under DEM's jurisdiction.

B. Facts

- (1) The subject property is a dam identified as Bridlewood Pond Upper End Dam, State Identification Number 649, located south of Preakness Drive east of the intersection of Preakness and Bridle Drives, in the town of Lincoln, Rhode Island (“Dam 649”).
- (2) The Respondents own a portion of Dam 649.
- (3) Dam 649 is classified by DEM as High Hazard.
- (4) On May 20, 2010 Dam 649 was inspected. The inspection revealed vegetation on the crest that did not allow a proper inspection to be performed.
- (5) In a certified letter from the DEM to the Respondents dated April 18, 2013, which was delivered on April 20, 2013, the DEM forwarded a registration form for Dam 649. The Respondents were required to complete and return the form to DEM by May 4, 2013.
- (6) The DEM considers Dam 649 unsafe because of the excessive vegetation that inhibits a proper inspection.
- (7) As of the date of this Notice of Violation (“NOV”), the Respondents have not provided the registration form to DEM.

C. Violation

Based on the foregoing facts, the Director has reasonable grounds to believe that you have violated the following statutes and/or regulations:

- (1) **DEM's Rules and Regulations for Dam Safety (the "Dam Safety Regulations"), Rule 4A** – requiring the owner of a high hazard dam to maintain the dam in a safe condition.
- (2) **DEM's Dam Safety Regulations, Rule 8** – requiring the owner of a dam to provide a fully completed registration form to DEM.

D. Order

Based upon the violations alleged above and pursuant to R.I. Gen. Laws Section 42-17.1-2(21), you are hereby ORDERED to:

- (1) **Within fourteen (14) days of receipt of the NOV**, complete and submit to DEM the enclosed registration form.
- (2) **Within ninety (90) days of receipt of the NOV**, cut or remove the vegetation from the crest of Dam 649 in accordance with the DEM's Dam Safety Regulations, Rule 10A. Cutting or removal shall be in sufficient amounts to allow a thorough visual inspection to be performed. DEM shall be notified upon commencement and completion of this work.
- (3) **Within one hundred eighty (180) days of receipt of the NOV**, retain a professional engineer fully registered in the State of Rhode Island, who is experienced with dam inspections, and have the engineer complete a visual inspection of Dam 649 in accordance with the DEM's Dam Safety Regulations, Rule 11C and submit a report of the inspection findings to DEM. The report must specify any actions necessary to return the dam to a safe condition and include a schedule to complete the work. For any proposed repairs to Dam 649, the report must include an application prepared in accordance with the DEM's Dam Safety Regulations, Rule 10B.
- (4) The report, application, and/or schedule required in Section D.2 above shall be subject to the DEM's review and approval. Upon review, the DEM shall provide written notification to the Respondents either granting formal approval or stating the deficiencies therein. **Within fourteen (14) days (unless a longer time is specified) of receiving a notification of deficiencies**, the Respondents shall submit to the DEM a modified report, application, and/or schedule or additional information necessary to correct the deficiencies.
- (5) Commence work specified in the schedule approved by the DEM within twenty (20) days of approval (unless otherwise expressly authorized by the DEM in

writing to commence work at a later time), and complete such work in accordance with the approved schedule.
