**VERIFIED COMPLAINT AND
PETITION FOR ENFORCEMENT OF A FINAL COMPLIANCE ORDER**

A. INTRODUCTION

1. This matter arises as a result of Defendant’s violations of the *RULES ESTABLISHING MINIMUM STANDARDS RELATING TO LOCATION, DESIGN, CONSTRUCTION AND MAINTENANCE OF ONSITE WASTEWATER TREATMENT SYSTEMS, as amended*, (the “OWTS Regulations”), *DEM’S WATER QUALITY REGULATIONS, AND RHODE ISLAND GENERAL LAWS*, and Defendant’s failure to complete his appeal of a Notice of Violation issued by the Rhode Island Department of Environmental Management (“RIDEM”).

B. PARTIES

2. Plaintiff, Janet L. Coit, is the duly appointed Director of the Rhode Island Department of Environmental Management (“RIDEM”), whose offices are located at 235 Promenade Street, Providence, Rhode Island.

3. Defendant, David J. Morin, is a Rhode Island resident living at 10 B Andrews Terrace in the Town of North Smithfield, Rhode Island.

C. JURISDICTION & VENUE

4. Subject matter jurisdiction in this case is properly conferred in the Court pursuant to R.I. Gen. Laws §§ 42-17.1-2(21)(v) and 8-2-13.

5. Personal jurisdiction over the Defendants in this case is properly conferred in this Court based on Defendant's presence within the State of Rhode Island.

6. Venue is properly placed in this Court pursuant to R.I. Gen. Laws § 9-4-3.

D. FACTS

7. The subject property (the "Property") is located at 10 Andrews Terrance in the Town of North Smithfield of, Rhode Island, and is also identified by the North Smithfield Assessor Plat 5, Lot 213.

9. The Property includes a dwelling assessed by the Town of North Smithfield as a four (4) bedroom, multiple family, duplex residences.

10. The Defendant owns the Property.

11. On May 9, 2011, the Department issued a Notice of Violation ("NOV") alleging violations of Rhode Island General Laws, DEM's Water Quality Regulations, and DEM's OWTS Regulations for, placing any pollutant in a location where it is likely to enter the waters of the State, for the discharges of any pollutant into or conducting any activity which will likely cause or contribute pollution to the waters of the State without having obtained all required approvals from the Director, discharging of wastewater to a watercourse, discharging of wastewater to the surface of the ground, and failure to submit a repair application for a failed on-site wastewater treatment system ("OWTS"). *See* NOV, attached hereto as "Exhibit 1."

12. The Defendant did request an administrative hearing to contest the NOV, but withdrew said appeal before the completion of the Administrative Process.

13. Among other terms, the Notice of Violation required the Defendant to:

- (a) Immediately take steps to reduce the discharge of sewage from the Dwelling, such as through the installation and use of water conservation devices and fixtures.
- (b) Within ninety (90) days of receipt of the NOV, submit a formal application and plan to the DEM to repair the OWTS;
- (c) Commence work on the project in accordance with the method approved by the Director within twenty (20) days of approval.
- (e) Pay an administrative penalty of three thousand three hundred (\$3,300.00) dollars.

14. To date, the Defendant has failed to comply with the NOV in that sewage continues to be discharged to the surface of the ground and into the waters of the State from the OWTS at the property, and the administrative penalty of three thousand three hundred (\$3,300.00) dollars has not been paid.

15. Because Defendant withdrew his request for an administrative hearing, the NOV and associated administrative penalties contained within (pursuant to *R.I. Gen. Laws* §§ 42-

17.1.2(21)(v) and 42-17.6-4(b)) automatically became a Final Compliance Order enforceable in Superior Court.

16. The Property continues to be owned by the Defendant.

17. As of the date of this Complaint, the Defendant has failed to fully comply with the terms of the Final Compliance Order. Such non-compliance constitutes a serious environmental and public health hazard to the Defendant, his neighbors, tenants, and the general public.

18. A Department inspection of the property on September 26, 2007 and October 3, 2007 revealed no septic system on the property and sewage discharge pipes discharging directly onto the bank of the Branch River was confirmed by dye testing. See attached Inspections Report,

September 26, 2007, Exhibit 2 and October 3, 2007, Exhibit 3.

COUNT I
(Violation of a Final Compliance Order)

19. Plaintiff hereby restates and incorporates by reference the allegations contained in Paragraphs 1 through 18 above.

20. The NOV issued to the Defendant by RIDEM on May 9, 2011 was issued pursuant to *R.I. Gen. Laws* § 42-17.1-2(21).

21. In accordance with *R.I. Gen. Laws* § 42-17.1-2(21)(i), the NOV notified the Defendant of the facts that gave the Department reasonable grounds to believe that a violations of law had occurred; of the statutes and/or regulation(s) violated; and of the Defendant's right to request an administrative hearing before the Department's Administrative Adjudication Division by filing a request for hearing with twenty (20) days of service of the NOV.

22. Defendant, by withdrawing his appeal as to the issuance of the NOV, are deemed to have waived the right to an adjudicatory hearing resulting in the NOV automatically transforming in to a Final Compliance Order of the Department.

23. Pursuant to *R.I. Gen. Laws* § 42-17.1-2(21)(v), a Final Compliance Order is enforceable in the Superior Court through injunctive proceedings wherein the burden of proving error in the Final Compliance Order rests with the Defendant.

24. As of the date of filing this Complaint, Defendant has failed to fully comply with the provisions of the Final Compliance Order in that he has failed to reduce the discharge of sewage from the Property, or taken the necessary steps with the Department for the installation of an approved OWTS.

WHEREFORE, Plaintiff, Janet L. Coit, in her capacity as Director of the Rhode Island Department of Environmental Management, hereby requests that Judgment be entered in favor of

the Plaintiff and that Plaintiff be granted the following relief:

- (a) Permanent Injunctive Relief, ordering Defendant to submit to the Department within thirty (30) days a repair plan application, certified by a licensed On-site Wastewater Treatment System designer, for the OWTS at the Property. The repair application shall be subject to the Department's review and approval. Upon review, RIDEM shall provide written notification to Defendant either granting formal approval or stating the deficiencies therein. Within fourteen (14) days of receiving a notification of deficiencies, the Defendant shall submit to RIDEM a modified proposal or additional information necessary to correct the deficiencies. Defendant must commence work on the project in accordance with the method approved by the Director within twenty (20) days of approval, and complete such work within one hundred twenty (120) days of said approval to the satisfaction of the Plaintiff as evidenced by the issuance of a Certificate of Conformance by RIDEM; and
- (b) Permanent Injunctive Relief, if the Defendant fails to abide by the terms of paragraph (a) as stated immediately above, including following the time requirements, then the Defendant is to vacate the Property within thirty (30) days of Defendant's failure to abide by the above stated timeline and to keep the Property vacant until such time that the Property can either be: (1) connected to the Town of North Smithfield sewerage system; or (2) install an OWTS to the satisfaction of RIDEM as evidenced by the issuance of a Certificate of Conformance; and
- (c) Award of Administrative Penalty, ordering Defendant to pay the full amount of Three Thousand Three Hundred (\$3,300.00) Dollars to the Plaintiff which is the amount of the administrative penalty assessed in the Plaintiff's NOV of May 9, 2011; and
- (d) Such further relief as this Court deems just and equitable in accordance with the facts of this case.
