Mr. Simpson:

The Department has received Textron's request for an extension of the February 28, 2012, deadline for submittal of a draft Environmental Land Usage Restriction (ELUR) and Soil Management Plan (SMP) for Parcel D of the former Gorham Manufacturing site. The Department understands that a draft Remedial Action Work Plan (RAWP) for Phase I of Parcel D (a.k.a. the Park Parcel) will still be submitted by the February 28, 2012, deadline set in the Department's December 12, 2011, Remedial Decision Letter (RDL). The Department hereby grants the requested new deadline of March 31, 2012, for submittal of the draft ELUR and SMP. Regards,

Joe
