SITE ACTIVITIES TO BE PERFORMED

- Complete site observation walk. Going forward, this activity will be performed on a bimonthly basis.
- Install protective casings for previously installed soil gas probes.

Excavation associated with the substation upgrades is complete. The remainder of the work associated with the electrical substation upgrade project will consist of aboveground work within the substation and buildings. It is currently anticipated that the aboveground work associated with the substation upgrades will continue until the end of 2013.

Please contact me at 401-421-4140 Ext. 2719 if you have any questions or comments.
