Date: September 11, 2017

Re: Upcoming Site Response Action Report – Period September 11th to 24th, 2017
Former Tidewater Facility
Pawtucket, Rhode Island
RIDEM Case No. 95-022 / Site Remediation File No. SR-26-0934

SITE ACTIVITIES TO BE PERFORMED

- Complete bi-monthly Site observation walk during the week of September 11th.
- Initiate performance of limited design investigations (LDI). As described in the *Limited Design Investigation Work Plan* (LDI Work Plan) submitted to RIDEM on June 26th, 2017, these investigations will include performance of test pits, soil borings and the collection and analysis of soil samples. The results of the LDI will be used in development of the site remedy design. A public notification regarding the LDI activities was issued on August 22nd, 2017. GZA will be on-site full time to manage and document the LDI activities and conduct air quality monitoring consistent with the project-specific Air Quality Monitoring Plan.

Please contact Jesse Edmands at 781-907-3682 if you have any questions or comments.
