OFFICE OF LAND REVITALIZATION & SUSTAINABLE MATERIALS MANAGEMENT
235 Promenade Street, Room 380
Providence, Rhode Island 02908

RIDEM has a New Policy for Consolidating Medical Waste Generator ID's

RI Form to Register Multiple Sites Under One MWG – ID

Criteria:

All branches must be owned and managed by one company and/or one waste management group. Going forward, only one MWG – ID will be tracked, and one contact will receive correspondence from RIDEM. After the initial acknowledgement that a site is part of your company, for which RIDEM will send an email to all contacts contained on this form, only the primary contact will receive correspondence.

Once a single number is established for a company with a single point of contact, it will be up to the Company/Compliance manager to disseminate any relevant information to participating branches from RIDEM.

If a company does not opt into combining multiple sites into MWG - ID, RIDEM is not responsible and does not have staff to refund difference in fees that may/may not be avoided if your company combines MWG – IDs.

How do I register?

1. Register 1 MWG – ID for one site your company and fill out the contact information on Page 2:

From your site list, chose one and register that MWG-ID on the portal W/ the total of medical waste for all locations (max fee is \$206 for >2000LBs/yr).

2. Do not register the remaining MWG – IDs through the online portal.
3. To maintain your previously registered locations with the Department, type in the top company and contact information below.
4. Do not print out the form and attempt to handwrite information. Only typed info will be accepted.
5. Add all of your locations to the form below. These numbers will be deactivated in the RIDEM database and put under one single MWG – ID for your company.
6. If you are missing information from a site/location, please attempt to find the required information here first: [Enviro Site Search \(ri.gov\)](http://enviro.sitesearch.ri.gov)ⁱ (If you require addition information, please email Alyson.brunelli@dem.ri.gov, with Subj "INFO MWG – ID, Consolidations, Company"
7. Once completely filled out, email this form as a pdf to alyson.brunelli@dem.ri.gov with Subject "Completed MWG - ID Consolidations, Company".
8. An email will be issued from RIDEM acknowledging acceptance of your consolidated MWG – IDs into one number and the deactivation of the other IDs

Medical Waste Generator: Multiple Sites Combined to One Number

Company Name: _____

Medical Waste Gen ID: _____

(MWG-ID chosen from previous Group to be used for entire Company moving forward)
This number is registered/renewed in the [Medical Waste Generator Portal](#)ⁱⁱ for the total amount of Medical Waste for all sites)
