Voluntary Information Form – Highly Pathogenic Avian Influenza

This form is offered to owners of poultry flocks, whether commercial or backyard, in order for DEM to prepare for an outbreak of Highly Pathogenic Avian Influenza (HPAI). In case of an outbreak within Rhode Island, the information provided on this form will be used by DEM to reach out to the owner of the birds in order to relay information about the outbreak and for DEM to perform surveillance activities for HPAI on birds kept within an affected zone. Once complete, you can mail or fax this form to the address provided above, or email to scott.marshall@dem.ri.gov. This information is voluntary and will only be used by DEM for emergency response purposes.

For more information on HPAI and what measures you can take to protect your flock, please feel free to contact us or visit our website at: <http://www.dem.ri.gov/programs/bnatres/agricult/avianflu.php>
 For more information regarding the specific response plan dealing with a HPAI outbreak please view: http://www.dem.ri.gov/topics/erp/6_9_ai.pdf
