Favorite Dispositions for JOHNNY FISHER.

If fishing multiple gear types, you can choose which to include when you enter a trip report.

To exclude a favorite gear from your trip report, click the "YES" button in the "Include?" column and select "NO"

This is helpful for seasonal fisheries, and we recommend turning gear types on and off as the fishing year moves on

For additional information or assistance please contact
Coly Ares (401) 423-1926/ nichole.ares@dem.ri.gov

Setting up Favorites

Add commonly caught species using the tree to the left

Search for the species you wish to add using the scroll bar on the right of the list. Then click the plus sign next to the species name

Species are listed by “group” as in all flounder species are listed as “flounder, species” and are listed alphabetically

If you are having trouble finding your species, let us know- contact information is at the bottom of the screen

For additional information or assistance please contact
Coly Ares (401) 423-1926/ nichole.ares@dem.ri.gov

The screenshot shows the SAFIS (Standard Atlantic Fisheries Information System) interface. At the top right, the user is logged in as 'johnnyf'. The main navigation menu on the left includes 'Main Menu for JOHNNY FISHER' with options like 'Trip Reports', 'Negative Reports', 'Favorites (Active)', 'Fisher Info', and 'Reports Menu'. Below this is a 'Species - ALL' list with a search filter and a scrollable list of species including Alewife, Amberjack, Anchovy, Bay, Barbier, Red, Barracuda, Barrellfish, Bearded Brotula, Big Roughy, Black Bellied Rosefish, Black Whiting/Silver Ha, Bladder Wrack, Bloodworms, Bluefish, Blue Runner, Bonito, Atlantic, Bullheads, Butterfish, Capelin, Carp, Catfish, Blue, and Clam, Arctic Surf (Stim).

The main content area is titled 'eTRIP Menu' and 'Trip Reports for JOHNNY FISHER'. It features a 'Favorite Trip Headers for JOHNNY FISHER' section and a 'Create / Edit Trip' form. The 'Create / Edit Trip' form has three dropdown menus: 'State' (Rhode Islanc), 'Port' (Point Judith, RI), and 'Vessel' (NOT NAMED - RI712). Below this is a 'Create / Edit Effort' section with a table for entering effort data. The table has columns for 'Effort #', 'Area Fished', and 'Gear'. The first row shows '1' for Effort #, 'State Waters Inshore - 2' for Area Fished, and 'Rhode Island' for the state dropdown, with 'RHODE ISLAND SHORE-539' for the gear dropdown. There are '+ Add Additional Effort' and 'Delete Effort' buttons. At the bottom is a 'Create / Edit Catches' section with a table for entering catch data. The table has columns for 'X', 'Effort', 'Species', 'Grade', 'Market Category', 'Reported Quantity', 'Unit Measure', 'Disposition', 'Sales Disposition', 'Price', and 'Dealer'. The first row shows '1' for Effort, 'LOBSTER, AMERICAN' for Species, 'UNGRADED' for Grade, 'UNCLASSIFIED' for Market Category, '1' for Reported Quantity, 'pounds' for Unit Measure, 'General: Food' for Disposition, 'SOLD TO DEALER' for Sales Disposition, and 'DBA THE TOWN DOC' for Dealer.

This is the screen you will see- as you can see many of the fields auto filled from the favorites that were saved

This will show how to enter a trip using 1 gear type

After there will be a section for entering a trip with 2 gear types

If you have not set up your favorites you will need to manually enter every field

Entering a Trip

Enter the “Reported Quantity” this is the pounds of each species caught by disposition.

If you need a species not included in your favorites add it by using the species tree on the left hand side (same as favorites)

If you did not catch a species leave the “Reported Quantity” blank

If you use a disposition not in your favorites, click the disposition and select “Select from all Dispositions” click the field again and all dispositions will be available for you to choose from

The screenshot shows a web application interface for entering trip data. On the left is a species tree with various species listed. The main area contains a form for trip details, including fields for State Waters Inshore (Rhode Island), Market Category (Pots And Traps, Lobster), and Reported Quantity (50). Below the form are buttons for '+ Add Additional Effort' and 'Delete Effort'. The bottom section is titled 'Create / Edit Catches' and contains a table with columns for X, Effort, Species, Grade, Market Category, Reported Quantity, Unit Measure, Disposition, Sales Disposition, Price, and Dealer. The 'Reported Quantity' column is highlighted with a red box, and a red arrow points to it from the text above. The table contains three rows of data for Lobster, American, Ungraded, Unclassified, with a reported quantity of 1 pound each.

X	Effort	Species	Grade	Market Category	Reported Quantity	Unit Measure	Disposition	Sales Disposition	Price	Dealer

For “Personal Use” and “Sold to Dealer” species you are finished!

For dockside sale species (LIVE lobsters and crabs only):

It is preferable to use the dockside sales logbook. It will make the reporting simpler and easier to account for “placed in car” lobsters.

Otherwise all fields must be filled out:

Choose the appropriate market and grade from the species tree

“Price” which is price per pound or per lobster

These are the same fields found on the “Dockside Sales” paper logbook, if you fill out the paper dockside sales logbook you may leave these fields blank

- Bonito, Atlantic
- Bullheads
- Butterfish
- Capelin

Entering a Trip

The screenshot shows the SAFIS (Standard Atlantic Fisheries Information System) web application. The user is logged in as 'johnnyf'. The main menu on the left includes 'Trip Reports', 'Negative Reports', 'Favorites (Active)', 'Fisher Info', and 'Reports Menu'. The 'Trip Reports for JOHNNY FISHER' section is active, showing a 'Create NEW Trip Report' button highlighted with a red box and an arrow. Below this is a 'Select TRIP YEAR' dropdown set to '2015'. A search bar for trip reports is present with 'Go' and 'Clear Search' buttons. The 'Review Electronic Trip Reports (eTRIPS) for JOHNNY FISHER' section shows a table with columns for eTRIP#, Vessel #, Coast Guard #, State Reg #, Trip Start Date (MM/DD/YYYY), Date Entered, Submitted By, Updated By, and Submit Method. A message states 'Currently, no eTRIPS exist. Trips will appear in this list as they are created. Thank you.' and a 'Delete Trip Report(s)' button is visible. On the right, a calendar grid shows dates from 01 to 04. A 'Fisher Information' box at the top right identifies the user as JOHNNY FISHER with license MPURP999999. A red-bordered text box with a red arrow points to the 'Create NEW Trip Report' button, containing the text: 'To create a Trip Report with multiple gear types the same steps are followed. First Click "Create NEW Trip Report"'. A key at the bottom right indicates 'Negative/Did Not Fish Rpt' and 'Positive Rpt'.

Check to make sure the effort numbers match to the associated gear. This is what defines which gear a species was caught with.

For example, in this case the lobster were caught in the Pots and Traps, Lobster (160) which is effort 1 so the Lobster pounds should be listed under effort 1

The screenshot shows the SAFIS (Standard Atlantic Fisheries Information System) interface. At the top right, there is a user profile for 'johnnyf' with 'Home' and 'Logout' links. The left sidebar contains a 'Main Menu' with options: 'Trip Report', 'Negative Re...', 'Favorites (A...', 'Fisher Info', and 'Reports Me...'. The main content area is divided into several sections:

- Fisher Information:** Displays 'JOHNNY FISHER' and 'MPURP999999 MULTIPURPOSE FISHING LICENSE'.
- All Trips:** A calendar for March 2015. The calendar shows dates from 01 to 04. A red box highlights the calendar, and a red arrow points from the text box to it. A key below the calendar indicates that a green bar represents a 'Negative/Did Not Fish Rpt' and a blue bar represents a 'Positive Rpt'.
- Trip Report Entry Form:** A table with columns: 'Date Entered', 'Submitted By', 'Updated By', and 'Submit Method'. It shows two entries for 03/23/2015, both submitted by 'Johnny Fisher' and updated by 'Johnny Fisher'. The first entry has a 'Submit Method' of 'Keyed'. Below the table is a 'Delete Trip Report(s)' button.

This calendar shows you days that have a trip either positive or negative.

Positive reports have a blue bar across the date

Negative reports have a green bar across the date

Using the Fishbowl

- **The fishbowl is used with the sales disposition “Placed in Car.” Note this is for commercial trips only, and only valid for lobsters and crabs.**
- **It is how you will track what happens to these species, remember this is only a valid sales disposition for lobster and crab species**
- **To begin, click the Fishbowl below the Navigation Box**
- **If using the dockside sales logbook for species placed in car you do not need to use the fishbowl feature.**

eTRIP Menu Carred Species

Species remaining in Car

Remove From Car	Species	Unit of Measure	Amount Available for sale
Remove from Car	LOBSTER,AMERICAN	LB	95

1 - 1

Carred Species

It is possible to car species by setting both disposition = PLACED IN CAR, and sales disposition = PLACED IN CAR.

Species are often PLACED IN CAR using one unit of measure, and sold or REMOVED FROM CAR using another.

For example, 218 individual lobsters are PLACED IN CAR on 01-OCT and 310 pounds may be sold to a dealer on 03-OCT.

In this scenario, it is unclear if the 310lbs comprised all 218 individual lobsters (originally PLACED IN CAR as COUNT) or if the 310lbs is for only 172 individual lobsters, thereby leaving 46 individual < lobsters in CAR.

To resolve this issue, we request the conversion amount

In the example above, entering 172 would translate as 3

Here, all the species that have been designated as "Placed In Car" will appear

Click "Remove from Car"

For additional information or assistance please contact

Reports

The screenshot shows the SAFIS (Standard Atlantic Fisheries Information System) web application. At the top right, the user is logged in as 'johnnyf' with 'Home' and 'Logout' links. The left sidebar contains a 'Main Menu for JOHNNY FISHER' with options: Trip Reports, Negative Reports, Favorites (Active), Fisher Info, and Reports Menu. The 'Reports Menu' is highlighted. The main content area shows the 'eTRIP Report Menu' for 'JOHNNY FISHER (license #: MPURP999999 MULTIPURPOSE FISHING LICENSE)'. The menu items are: eTRIP - Negative/Did Not Fish Reports, ALL Trip Reports, eTRIP Interactive Report, Species Previously Removed from CAR, and Raw eTRIPS/Mobile Uploaded Data. A red box highlights the 'eTRIP Report Menu' and its items, with a red arrow pointing to the text below.

These are the reports you will have access to.

- **ALL Trip Reports will list every report you have entered into SAFIS (since 2011)**
- **eTRIP Interactive Report will allow you to search for types of trips (during a time period, using a gear type, species caught)**

The information can be downloaded to your computer in multiple formats
