Groundwater Class Definitions

GAA - Groundwater resources known or presumed to be suitable for drinking without treatment.
GA - Groundwater resources known or presumed to be of drinking water quality but are not assigned GAA
GB - Groundwater resources known or presumed unsuitable for drinking water use without treatment.
GC - Groundwater resources underlying waste disposal and surrounding areas.

Well Head Protection Area Definition

The critical portion of a three-dimensional zone surrounding a public well or wellfield through which water will move toward and reach such well or wellfield.
