RI PESTICIDE PRODUCT REGISTRATIONS LISTING AVAILABLE ON LINE

Now you can access the Pesticide Product Registration on the Department's website. This database will allow you to search pesticides products to see if they are currently registered in RI. Just go to: www.state.ri.us/dem; which is the Department's website. From there click on **Programs**, then **Agriculture**. On the left hand side, scroll down about halfway until you see **RI.gov Registration Website**, click on that link and it will bring you to the RI Pesticide Registration Database. This database lists all pesticides that are currently registered in RI, as well as products that are no longer registered for use and sale or are being phased out. It gives the date when last registered. This database contains pesticides registered in RI only. You can search by company or product name as well as EPA Registration Number.

In addition, you can access the label of the product you are searching. This database is routinely updated. If you have any questions, regarding the database, please contact:

Howard Cook at:
401-222-2781. ext. 4504.

Please Note, that the database may not have the most current label and you must always follow the label of the product that you currently have in your possession or at the time of application.
