

Rhode Island Energy & Climate Stakeholders Spring 2017

You are invited to participate in a stakeholder process to provide input during the development of a Regional Climate Change Action Plan (the Plan) for the six New England states and the five eastern Canadian provinces.

The Plan is being developed at the direction of the New England Governors/Eastern Canadian Premiers (NEG/ECP) as part of a "*Regional Climate Change Initiative*" that began in 2015. The Plan is to be submitted to the NEG/ECP at its 41st Conference in August 2017. Further information about the NEG/ECP, the *Regional Climate Change Plan* and opportunities for stakeholder engagement can be found at:

<http://www.coneg.org/regional-climate-initiative>.

Stakeholders are invited to participate in an introductory webinar that will provide an overview of the process and opportunities for input on **March 17, 2017 from 1-2 PM EST**. A link to a recording of the webinar will be provided shortly after the event. To participate in the webinar, please use the following link:

<https://global.gotomeeting.com/join/163331581>.

The information collected during this effort will be used to inform the discussions of subcommittees who are identifying options to reduce greenhouse gas emissions in a manner that will reach the 2030 regional reduction target.

RI comments can be directed to:

Elizabeth Stone
