- (6) DEM considers Dam 126 unsafe because of the lowered embankment crest.

- (2) The application, schedule, and/or report required in Section D.1 above shall be subject to DEM review and approval. Upon review, the DEM shall provide written notification to the Respondent either granting formal approval or stating the deficiencies therein. **Within fourteen (14) days (unless a longer time is specified) of receiving a notification of deficiencies**, the Respondent shall submit to the DEM a modified report, application, and/or schedule or additional information necessary to correct the deficiencies.
