OCI-DAMS-16-7**

NOTICE OF VIOLATION

A. Introduction

Pursuant to Sections 42-17.1-2(21) and 42-17.6-3 of the Rhode Island General Laws, as amended, (“R.I. Gen. Laws”) you are hereby notified that the Director of the Department of Environmental Management (the “Director” of “DEM”) has reasonable grounds to believe that the above-named party (“Respondent”) has violated certain statutes and/or administrative regulations under the DEM's jurisdiction.

B. Facts

- (1) The property is a dam identified as Slatersville Middle Dam, State Identification Number 046, located approximately 1255 feet southwest of the intersection of Railroad Street and Main Street and approximately 480 feet east of Main Street, Assessor’s Plat 4, Lot 34A in North Smithfield (“Dam 046”).
- (2) Respondent owns Dam 046.
- (3) Dam 046 is classified by the DEM as High Hazard.
- (4) On 23 June 2016, Dam 046 was inspected. The inspection revealed vegetation and/or yard waste on the upstream and downstream embankments that did not allow a proper inspection to be performed.
- (5) The DEM considers Dam 046 unsafe because of the finding described in Section B (4) above.

C. Violation

Based on the foregoing facts, the Director has reasonable grounds to believe that you have violated the following statutes and/or regulations:

- (1) **DEM’s Rules and Regulations for Dam Safety (the “Dam Safety Regulations”), Rule 4A (recently amended to Part 1.6A)** – requiring the owner of a high hazard dam to maintain the dam in a safe condition.

D. Order

Based upon the violations alleged above and pursuant to R.I. Gen. Laws Section 42-17.1-2(21), you are hereby ORDERED to:

- (1) **Within 90 days of receipt of the NOV**, cut or remove the vegetation and/or yard waste from the areas of Dam 046 as described in Section B (4) above in accordance with the DEM's Dam Safety Regulations, Part 1.10A. Cutting or removal shall be in sufficient amounts to allow a thorough visual inspection to be performed. The DEM shall be notified upon commencement and completion of this work.
- (2) **Within 90 days of receipt of the NOV**, retain a professional engineer fully registered in the State of Rhode Island, who is experienced with dam inspections, design, construction and repair (the "Dam Engineer").
- (3) **Within 180 days of receipt of the NOV**, the Dam Engineer must complete a visual inspection of Dam 046 and submit a report of the inspection/investigation findings to the DEM. The report must specify the actions necessary, if any, to return the dam to a safe condition and include a schedule to complete the work. For any proposed repairs, the report must include an application prepared in accordance with the DEM's Dam Safety Regulations, Part 1.10B.
- (4) The report, application, and/or schedule required above shall be subject to the DEM's review and approval. Upon review, the DEM shall provide written notification to Respondent either granting formal approval or stating the deficiencies therein. **Within 14 days (unless a longer time is specified) of receiving a notification of deficiencies**, Respondent shall submit to the DEM a modified report, application, and/or schedule or additional information necessary to correct the deficiencies.
- (5) Commence work specified in the schedule approved by the DEM within 20 days of approval (unless otherwise expressly authorized by the DEM in writing to commence work later), and complete such work in accordance with the approved schedule.

- (1) Pursuant to R.I. Gen. Laws Chapters 42-17.1, 42-17.6, 42-17.7 and 42-35, each named respondent is entitled to request a hearing before the DEM's Administrative Adjudication Division regarding the allegations, orders and/or penalties set forth in Sections B through D above.
