**Subject: Community Information Session Newsletter
Former Gorham Manufacturing Property
333 Adelaide Avenue
Providence, Rhode Island
MACTEC Project No. 3650050041.10**

Dear Mr. Martella:

Enclosed please find the mailing and distribution list for the Community Information Session (CIS) newsletter that was distributed to support the CIS meeting held on June 20, 2007. A total of 139 English and Spanish (each) were mailed June 13, 2007 providing a status update for the Site and announcing the CIS meeting. The mailing list was compiled from the Gorham Site abutters list, sign-in sheets from recent Rhode Island Department of Environmental Management (RIDEM) public meetings for the Gorham Site, stakeholders for the Mashapaug Pond cleanup, and "Providence Tomorrow" registration list. Both the City of Providence and RIDEM contributed to the development of this mailing list.

We have also enclosed a list and number of English and Spanish newsletters that were hand delivered on June 15, 2007 by Michael Morgan of the FOCUS GROUP for the public. This distribution list was developed by Textron and their subcontractor, FOCUS GROUP, when identifying and interviewing potential stakeholder groups in the South Providence area that may have an interest in the cleanup and redevelopment of the former Gorham Property.

We suggest that due to potential concerns with privacy that only this cover letter be posted on RIDEM's project website, but both lists would be available within RIDEM's administrative files if requested by the public. Please feel free to contact me at (781) 213-5655 if you have any questions regarding the enclosed.

Mr. Joe Martella
