# Change of UST Facility Operator

The purpose of this form is to notify DEM of changes to the UST facility operator and must be completed and submitted by the owner(s) of the facility each time there is a change in facility operator. If there is a change in ownership, do not complete this form, you should instead submit the form titled "Change of UST Facility Owner" located on our website. Please remember that the owner(s) of the property and/or USTs may be considered the primary responsible party for any and all violations of the UST Regulations, and ultimately it is the owners responsibility to ensure that the operators and/or lessee fully comply with all applicable rules and regulations.

Completed forms should be sent to the following address:

Office of Waste Management- Underground Storage Tank Program  
235 Promenade Street  
Providence, RI 02908-5767

## I. Facility Information:

Facility Name:  DEM Facility ID:

Street Address:

## III. New Facility Operator:

Name:

Mailing Address:

City:  State:  Zip Code:

Phone #:  Fax #:  E-mail address:

Primary Contact Name:  Primary Contact Phone:

## VI. Acknowledgements and Certification:

I understand that as the owner of this underground storage tank (UST), tank facility, or property where USTs are present, I assume responsibility for all activities that occur at the site and am responsible for maintaining compliance with all applicable regulations and requirements related to underground storage tanks, hazardous materials release, and all regulations and requirements discussed in the State of Rhode Island Rules and Regulations for Underground Storage Facilities Used for Petroleum Products and Hazardous Materials. I understand that the Department of Environmental Management conducts routine compliance inspections of all regulated underground storage tank facilities and I am required to make reasonable efforts to cooperate with these inspections. I understand that failure to comply with the regulations discussed in the Rules and Regulations for Underground Storage Facilities Used for Petroleum Products and Hazardous Materials may result in enforcement action by DEM, and may include financial penalties, administrative action, and prohibiting use of USTs through the "Red Tag" program.
