

**Rhode Island Department of Environmental Management**  
235 Promenade St., Providence, RI 02908-5767 TDD 401.711  
2018-2019 REGULATED MEDICAL WASTE TRANSPORTER PERMIT APPLICATION

**READ THE ENTIRE APPLICATION CAREFULLY!!**

Dear Medical Waste Transporter:

Enclosed is your application to apply for/renew a permit to transport **MEDICAL WASTE** through and within the state of Rhode Island for the permit period ending June 30, 2019.

RI Dept of Environmental Management  
Office of Management Services  
235 Promenade Street  
Providence, RI 02908

Please complete and return these forms and check to the above address. Do not submit the application and attachments in a binder. Allow three (3) to five (5) weeks for processing. If there are deficiencies in the application, the Department will contact you via phone call or email. You will receive your permit and vinyl decals for your vehicle/s when the application is approved, and should contact this office if you do not hear from us by the end of the 8 weeks processing period.

Renewal applications for the new fiscal year are due May 1, 2018.

**NEW MEDICAL WASTE REGULATIONS**

The Department promulgated New Medical Waste Regulations effective 10/10/10. The fee structure for permitting vehicles has changed such that **you are no longer required to permit both the tractor and trailer of a vehicle separately.**

**Now, only the powered unit of the vehicle requires a fee with an associated cost of \$125/vehicle.** For the complete Regulations see <http://sos.ri.gov/documents/archives/regdocs/released/pdf/DEM/8961.pdf>.

**TRAINING REQUIREMENTS**

**Also in the amended Regulations from 2010 is a requirement that all personal authorized to transport or otherwise handle Regulated Medical Waste must be trained and certified in the hazards of blood borne pathogens. This list must be amended when new individuals are hired. Certificates of training for blood borne pathogens for each driver should be included with this application.**

**INSPECTIONS**

The Department has implemented a COMPANY-CERTIFIED inspection program, thus eliminating the need for RIDEM staff inspections. Each company is required to list designated company inspectors who will perform inspections and attest to the accuracy of each inspection. A checklist for a unit inspection is attached. Please make copies of this form and submit one checklist for each powered unit you wish to permit. Each checklist submitted to this office must contain the signature of a designated inspector and these forms will be used as legal documents in the event of an enforcement action against the company. The Department will continue to perform random, unannounced vehicle inspections. Companies must maintain strict compliance with the requirements at all times. Units found to be deficient upon inspection are subject to administrative penalties.

Upon approval of a company's application, decals will be issued for the specific units for which a checklist and a \$125 per powered unit fee have been submitted. **These decals are NOT TRANSFERRABLE and are to be placed on the driver's side of the permitted powered unit.**

### **SPILL MANAGEMENT PLANS**

All medical transporters are required to submit an emergency spill management plan in accordance with Rule 14.7 of the regulations. This spill management plan must be updated when any changes occur or every five years. **This contingency plan must be on each vehicle at all times.**

### **FEES**

A fee of \$125.00 (made payable to the General Treasurer, State of Rhode Island) must be submitted to the Office of Waste Management, per the attached remittal form, at the time the application is submitted. This will be credited to the cost of the first unit. You must submit \$125 for each additional powered unit to be permitted. No decals will be issued until payment is received.

(Note: If the units are separate, the cost to permit one tractor (or powered unit) is \$125. Trailers are no longer required to be permitted as separate units.) All additional fees and inspection checklists must be accompanied by the Check Remittal Form and submitted to the Office of Waste Management.

To improve the efficiency of the permitting process for both the Department and the regulated community, the Department does not require the submission of individual checklists for each vehicle for electronic filers. To be eligible to file electronically, the company must submit a *Medical Waste Transporter Electronic Submittal Form*, along with their application **and** accompanying data in the Department's spreadsheet format **only**. The data may be sent on floppy disk or by e-mail. Contact the Office of Waste Management ([alyson.brunelli@dem.ri.gov](mailto:alyson.brunelli@dem.ri.gov)) if you wish to file electronically.

### **SEMI-ANNUAL REPORTS**

As specified in section 14.13 of the *Regulations*, medical waste transporters are required to file a report semi-annually with the Department. Report specifications can be found in Appendix III of the regulations. Please contact Alyson Brunelli for an electronic copy of the Department required format of these reports.

### **THIS APPLICATION MUST BE ACCOMPANIED BY THE FOLLOWING:**

An application fee of one hundred and twenty five dollars (\$125) must be submitted to the Office of Waste Management accompanied by the enclosed remittal form. The check must be made payable to the General Treasurer, State of Rhode Island. This application fee will be credited to one unit listed on the application. An additional one hundred and twenty five dollars (\$125) per powered unit will be required for each additional unit. All fees must be accompanied by the remittal form and **paid before** a decal is issued.

**An original (not photocopy or carbon copy) certificate of liability insurance issued in the name of the Office of Waste Management, Department of Environmental Management in the amount of at least one million dollars (\$1,000,000.00).**

The company must submit for review and approval, a description of the procedures to be employed by the transporter, pursuant to Rule 14.7 of the Regulations, in response to spills or other emergency situations that could arise during transporting operations. Specific reference must be made to:

- 1) Type and location of emergency equipment on vehicles.
- 2) The driver's emergency response instructions including:
  - i) Instructions to immediately notify the RIDEM at (401) 222-2797 (daytime) or (401) 222-2284 (24-hour).
  - ii) The name and phone # of an emergency spill clean-up company.
  - iii) Procedures for spill containment.
  - iv) Reference to the Medical Waste Spill Report to be filed with the Director within 48 hours of a spill pursuant to Rule 14.7e of the Medical Waste Regulations.

All correspondences should be addressed to Alyson Brunelli at (401) 222-2797 (ext. 7134) e-mail [alyson.brunelli@dem.ri.gov](mailto:alyson.brunelli@dem.ri.gov).
