RE: Amending of the Immediate Compliance Order issued March 19, 1999 concerning Remedial Action at the proposed Elementary and Middle Schools on Springfield Street in Providence (Case #99-018).

Dear Mr. Sepe:

This letter is to serve as notification of amending the Immediate Compliance Order issued by the Department on March 19, 1999 concerning the abovementioned City property. Based upon the outcome of the April 26, 1999 Public Hearing at the Providence City Council Chambers, the City of Providence is authorized to commence with only the pile driving portion of the Remedial Action Work Plan which is under review by the Department's Office of Waste Management (OWM). The OWM will issue the Order of Approval for the project once design documents related to the proposed Remedial Action Work Plan are at approximately 100% and all comments which were required to be implemented into the draft work plan have been so incorporated and a final work plan text with design sheets have been received by OWM. Provided that we are given the public meeting transcripts, outstanding design submittals and timely response to our comments, we shall continue to expedite our review of this proposal.

The City of Providence is reminded that this amending of the Immediate Compliance Order does not preclude the Director from taking additional enforcement action nor does it preclude any other local, state or federal government entity from initiating enforcement action based on acts or omissions after the effective date of the ICO or this amendment.

Should you have any questions, please call me at (401) 222-2797 x 7139.

Sincerely,

A handwritten signature in black ink, appearing to read "G. S. Fine".
