Kelly,

Here's the letter. I spoke to Jeff about this, but I was waiting for Kevin McHugh to return my call because I wanted to clear it with him before I sent this over.

We (LFR) has responded to paragraph 6 on behalf of the City by using an indoor air quality meter with a lower detection limit and greater sensitivity for the carbon dioxide measurements inside the building during the February and May 2008 monitoring rounds. We plan to continue to use this type of meter for future monitoring rounds.

We have also been copying Mr. Fischbach with electronic copies of documents submitted to DEM, as requested by the City.

I believe Kevin McHugh took care of the remaining items in the letter.

Thank you, Donna.

Would it be possible to get a copy of the letter that Steven Fishbach sent to the City in January? I think it had to do with the requirements in the court order for the City.

Thanks,

Kelly

Kelly,

I got an out-of-office message that Jeff is out until the 7th, so I am copying you on this also. As you can see below, I sent a copy to Steve Fischbach also.
