## SPRINGFIELD SCHOOLS SITE INVESTIGATION RECORDS

Public records about the Department of Environmental Management's (DEM's) investigation of the Springfield Street schools site are now available on DEM's website, [www.dem.ri.gov](http://www.dem.ri.gov), by clicking on "Waste Management" under "Offices and Divisions," then clicking on "Springfield Street Schools Waste Site Documents."

Records are available for the Anthony Carnevale Elementary School, Springfield Middle School, and the West Broadway Elementary School.

The records include documents about environmental conditions, sampling and monitoring, and a 2006 five-year review of the school properties and capping remedies that found several problems with the grass surfaces, parking lots, and walkways around the school buildings.

The city's contractor reported in September 2007 that all of those areas have been repaired.

If you have any questions or concerns, please call DEM's project manager, Jeffrey Crawford at 222-2797 ext. 7102 or e-mail him at [jeff.crawford@dem.ri.gov](mailto:jeff.crawford@dem.ri.gov).
