

RI DEM Licensed Class I and II OWTS Designers, Class IV Soil Evaluators and link to RI Professional Engineers

Class I and II Designers of Onsite Wastewater Treatment Systems (OWTS) and Class IV Soil Evaluators are licensed by the Rhode Island Department of Environmental Management (RIDEM).

Effective July 15, 2019 Rhode Island-registered Professional Engineers (RI- PEs) are authorized to design any septic system in Rhode Island, in compliance with the Board of Registration for Professional Engineers and the OWTS Rules specific to siting and design. On July 15, 2019 Governor Raimondo signed the House (H 5365) and Senate (S 398) Bills amending Title 5 Businesses and Professions, Chapter 5-56.1 Designers of Individual Sewage Disposal Systems and eliminating the Class III license.

A list of RIDEM-licensed Class I and II Designers and Class IV Soil Evaluators follows this cover.

A search tool to verify an individual RI-PE license or generate a roster of PEs is available at the Department of Business Regulation (DBR) website. Click [HERE \[elicensing.ri.gov\]](https://elicensing.ri.gov) for the DBR PE license search tool (<https://elicensing.ri.gov/Lookup/LicenseLookup.aspx>). An individual RI-PE license may be verified by selecting “Lookup a License” at the bottom of the screen. For a list of all RI-PEs, select “Generate Roster” from the bottom of the screen, follow the prompts, providing “PE” as the criterion.

Class I, II and IV License Number Denotes Design Class

Design class is indicated by license number; license numbers are four-digit numbers preceded by an upper-case letter D. Class I license numbers are indicated as D1####, Class II license numbers are indicated as D2#### and Class IV licenses are indicated as D4####. Persons holding Class I and II licenses are designers of Onsite Wastewater Treatment Systems (OWTS). Class IV licensees are soil evaluators. Authority specific to each license is described below.

License Authority

Class I Designer's License - A Class I license authorizes the design of a repair to an OWTS, or any component thereof, provided that the repaired OWTS meets one of the criteria below:

- OWTS, other than alternative or experimental systems, permitted under the Rules for residential use with a design flow of less than or equal to nine hundred (900) gallons per day; or
- Alternative or experimental OWTS for residential use designated by the Director as suitable for a Class I designer with a design flow of less than or equal to nine hundred (900) gallons per day.

Class II Designer's License - A Class II license authorizes the design of the following:

The design of an OWTS Repair or OWTS for an Alteration to a Structure as defined in §6.18 of the OWTS rules, provided that the OWTS meets one of the criteria below:

- OWTS, other than alternative or experimental systems, permitted under the Rules for residential use with a design flow of less than or equal to two thousand (2000) gallons per day;
- Alternative or experimental OWTS for residential use designated by the Director as suitable for a Class II designer with a design flow of less than or equal to two thousand (2000) gallons per day;
- OWTS, other than alternative or experimental systems, permitted under the Rules for commercial use with a design flow of less than or equal to nine hundred (900) gallons per day; or
- Alternative or experimental OWTS for commercial use designated by the Director as suitable for a Class II designer with a design flow of less than or equal to nine hundred (900) gallons per day.

The design of an OWTS for New Building Construction as defined in §6.18 of the OWTS rules, provided that the OWTS meets one of the criteria in §6.10(B)(1)(a) through (d) of OWTS rules and the OWTS is on a lot that does not require a variance from any of the following provisions of the Rules:

- §6.33 regarding OWTS installation in areas where there is a shallow depth to the seasonal high groundwater table or to a restrictive layer or bedrock from the original ground surface;
- Setbacks in §§6.23(C) and (E) for drinking water supplies; or
- Setbacks in §6.23(D) for the Salt Pond and Narrow River Critical Resource Areas.

RI PE License – Effective July 15, 2019, a RI PE license authorizes the design of any OWTS provided for under the OWTS Rules, in compliance with the Board of Registration for PEs.

Class IV Soil Evaluator's License - A Class IV license authorizes the performance of soil evaluations described in §6.16 of the OWTS rules.

License Status

Renewal of Class I, II and IV licenses requires submission to the RIDEM of a completed renewal application form, with renewal application fee and documentation of satisfactory completion of Continuing Education Units (CEUs) of appropriate continuing education, as determined by the RIDEM and fulfillment of required submissions to Permitting for permits issued and installations and soil evaluations completed. License status is indicated on the accompanying list: an “E” next to a license number indicates that the license is expired, an “A” indicates an active (valid) license. Licenses’ status may have changed since the last update, contact Deb Knauss at deb.knauss@dem.ri.gov or (401) 222-4700 extension 7612 for current information concerning license status.

For Additional Information

Website

Visit the RIDEM **website** for OWTS rules and additional program information:

1. At [RIDEM "Home"](#)
2. Click on the vertical tab near the upper right of the screen labeled “Permits & Licenses”.
3. Select “[Septic \(ISDS/OWTS\) Records](#)” for rules and the Permitting Program.
4. Select “[Septic \(ISDS/OWTS\) Licensing](#)” for the Licensing Program.

Program Office

Come to the OWTS Program Office in Providence at 235 Promenade Street in Providence (Second Level).

Telephone

Contact the OWTS Program by **telephone** at: 401-222-3961.

Email

Email the OWTS Program at: DEM.OWTS@dem.ri.gov.

Class I OWTS Designers

Friday, October 16, 2020

License Status is indicated by a single letter next to the license number:

A = Active

E = Expired. Expired licenses may be renewed unless expired for over three years.

S = Suspended

R = Revoked

Class III OWTS Designers

The Class III license was eliminated by amendments to Title 5 Businesses and Professions, Chapter 5-56.1 Designers of Individual Sewage Disposal Systems.

Effective July 15, 2019 Rhode Island-registered Professional Engineers (RI- PEs) are authorized to design any septic system in Rhode Island, in compliance with the Board of Registration for Professional Engineers and the OWTS Rules specific to siting and design. On July 15, 2019 Governor Raimondo signed the House (H 5365) and Senate (S 398) Bills amending Title 5 Businesses and Professions, Chapter 5-56.1 Designers of Individual Sewage Disposal Systems and eliminating the Class III license.

A search tool to verify an individual RI-PE license or generate a roster of RI-PEs is available at the Department of Business Regulation (DBR) website. Click [HERE](#) for the DBR PE license search tool (<https://elicensing.ri.gov/Lookup/LicenseLookup.aspx>). An individual RI-PE license may be verified by selecting “Lookup a License” at the bottom of the screen. For a list of all RI-PEs, select “Generate Roster” from the bottom of the screen, follow the prompts, providing “PE” as the criterion.

Class IV OWTS Designers (Soil Evaluators)

Friday, October 16, 2020

License Status is indicated by a single letter next to the license number:
