AMPHIDROME®

Wastewater Treatment System

Thursday, October 30, 2008

Crowne Plaza at the Crossings

801 Greenwich Avenue • Warwick, RI 02886

Session I 8:00 am - 12:00 noon

Sign-in begins at 7:30 am

Session II 1:00 pm - 5:00 pm

Sign-in begins at 12:30 pm

Instructors:

Philip Pedros, Ph.D., P.E.

Director of Engineering

Henry Albro

Sales Engineer

This is a training session that covers the Amphidrome® Wastewater Treatment System and its approval in Rhode Island. This session will emphasize the design, installation, operation and maintenance of the Amphidrome system. The course is designed for design engineers, regulatory officials, system installers and interested homeowners. The instructors will take into account the wide range of expertise and interests of these professionals.

A variety of information specific to the Amphidrome system will be presented, including initial design and permitting, installation and proper operation and maintenance.

A certification of completion will be provided to those who have satisfactorily completed the training.

PLEASE NOTE:

Enrollment is on a first-served basis, so please return your application as soon as possible. Due to limited classroom space and the popularity of certain subjects, we often reach capacity. We appreciate your taking time to notify us if you cannot attend. **THANK YOU!**
