

Registration is now open for the 5th Northeast Onsite Wastewater Treatment Short Course & Equipment Exhibition!

Attendees may register online or download a registration form on the NEIWPCO Onsite Short Course webpage at: <http://www.neiwpc.org/onsiteshortcourse/>. Please register by **February 29, 2016** to take advantage of reduced pricing. Both full-conference and single day registrations are available. Exhibitors can register through the Exhibitor Prospectus, which can be found along with more information about the conference on the NEIWPCO Onsite Short Course webpage at: <http://www.neiwpc.org/onsiteshortcourse/>.

This year, our three-day conference, April 5-7, 2016, will take place at the Holiday Inn in Taunton, Massachusetts, and will feature four concurrent sessions focused on onsite sustainability, and what that means moving forward. The concurrent sessions will feature a NOWRA A-Z training, Vendor Training, as well as technical sessions focused on: Emerging Issues, Sustainability, Pollutant Removal & Environmental Impacts, Technology and Technical aspects, as well as Management and Maintenance.

The third day of the conference will feature an optional field trip to the Massachusetts Alternative Septic System Test Center and selected advanced system sites.

Please visit the NEIWPCO Onsite Short Course webpage for more details on the agenda, rates, and accommodations.

We hope to see you in April!
