

AVAILABILITY OF FARM VIABILITY GRANT FUNDS RI SPECIALTY CROP GRANT PROGRAM

Grant Funding period April 1, 2017 – March 31-2019
Funding is contingent on availability of funds from USDA

**GET FRESH.
BUY LOCAL.**

The RIDEM/Division of Agriculture is pleased to announce the availability of Farm Viability grant funds for the purpose of enhancing the Competitiveness of Specialty Crops grown in Rhode Island.

Specialty crops are defined by this federally supported program as fruits and vegetables, dried fruit, tree nuts, and nursery crops including floriculture including Christmas Trees, cut flowers, honey, hops, and turf grass production. Examples of enhancing the market competitiveness of specialty crops include, but are not limited to: Research, promotion, marketing, nutrition, trade enhancement, food safety, food security, plant health programs, education, "buy local" programs, increased consumption, increased innovation, improved efficiency and reduced costs of distribution systems, environmental concerns and conservation, product development, and developing cooperatives. **Grant applications and projects must further the competitiveness of specialty crops only as broadly as possible in Rhode Island, and not just serve to enhance individual farm viability pursuant to USDA program guidelines. Grant funds will not be awarded for Projects that solely benefit a particular commercial product or provide a profit to a single organization, institution, or individual. Single organizations, institutions, and individuals are encouraged to participate as project partners.**
