**PURPOSE**

The purpose of these rules and regulations is to supplement and simplify and/or clarify existing regulations in order to more efficiently manage the marine resources of Rhode Island.

**AUTHORITY**

These rules and regulations are promulgated pursuant to Title 20, Chapters 42-17.1, 42-17.6, and 42-17.7, and in accordance with Chapter 42-35-18(b)(5), Administrative Procedures Act of the Rhode Island General Laws of 1956, as amended.

**APPLICATION**

The terms and provisions of these rules and regulations shall be liberally construed to permit the Department to effectuate the purposes of state law, goals, and policies.

**DEFINITIONS**

See Rhode Island Marine Statutes and Regulations, Part I, '1.3.

**SEVERABILITY**

If any provision of these Rules and Regulations, or the application thereof to any person or circumstances, is held invalid by a court of competent jurisdiction, the validity of the remainder of the Rules and Regulations shall not be affected thereby.

**SUPERSEDED RULES AND REGULATIONS**

On the effective date of these rules and regulations, all previous rules and regulations, and any policies regarding the administration and enforcement of Part III shall be superseded. However, any enforcement action taken by, or application submitted to, the Department prior to the effective date of these Rules and Regulations shall be governed by the Rules and Regulations in effect at the time the enforcement action was taken, or application filed.

**R.I. Marine Fisheries Regulations  
PART III - MARINE FISHERIES COUNCIL**

3.1 Allocations, seasons and possession limits: For species managed under quota, possession limit, and/or by seasons, compliance with a federal or regional fisheries management plan (FMP), the Division of Fish and Wildlife (DFW), unless specifically prohibited by the Secretary of Commerce or the Atlantic States Marine Fisheries Commission, will have the authority to distribute the allocations including the distribution of allocations among the various gear types, modify possession limits, and change seasons in the following manner:

3.1.1 Allocation Changes: DFW may project when the allocation for a species will be exhausted. This determination will be based on the period of time remaining in the allocation period, historical catch rates, and the current catch rate. If DFW determines that an allocation assigned for a sub-period or assigned to be available for taking by a particular gear type during that sub-period will be exhausted prior to the end of the sub-period or will not be met for a sub-period, it may change or redistribute the allocation assigned to be available for taking by a particular gear type during that sub-period. DFW will file a notice with the Secretary of State and submit a listserve notice announcing the change. All variances will be effective upon filing with the Secretary of State.

3.1.2 Possession limit Changes: If DFW determines that the allocation for a given species will be exhausted prior to the end of a sub-period or will not be met for a sub-period, DFW may change the possession limit; such modifications may include the increase or the decrease in the possession limit at which a sub-period commences. DFW will file a notice with the Secretary of State and submit a listserve notice announcing the change. All variances of possession limits will be effective upon filing with the Secretary of State.

3.1.3 Season Changes: Upon notification from federal authorities to alter a season for a particular species in compliance with a federal or regional FMP, DFW will file a notice with the Secretary of State and submit a listserve notice announcing the change. All changes in seasons accomplished will be effective upon filing with the Secretary of State.

3.1.4 Current Possession limit: If no current possession limit is noted in the table below, refer to RI Marine Fisheries Regulations (RIMFR) Part 7 for the sub-period starting possession limit for all species other than Striped bass, Menhaden, and Horseshoe crabs. For Striped bass, refer to RIMFR Part 12; for Horseshoe crabs, refer to RIMFR Part 15; for Menhaden, refer to RIMFR Part 16.

3.2 Penalties: Unless another penalty is specified in this Title, any person who violates a rule or regulation of the Department shall, upon conviction, be punished by a fine of not more than five hundred dollars (\$500) or imprisonment for not more than ninety (90) days, or both. (RIGL 20-1-16)

3.3 Shellfish and Marine Life Management Areas: The Council may, recommend to the Director, to designate certain portions of the shores of the public waters of the State, or land within the State covered by tidewater at either high or low tide, or portions of the free and common fisheries of the State as Shellfish or Marine Life Project Management Areas pursuant to RIGL Section 20-3-4.

3.3.1 Any designations under these regulations shall include an explicit description of the area to be designated and may include restrictions on the quantities, types, or sizes of shellfish or finfish which may be taken in such area, the times during which shellfish or finfish may be taken, the manner or manners in which shellfish or finfish may be taken, or may close such area to the taking of shellfish or finfish altogether.

3.3.2 A designation under these regulations may be made for a period not to exceed five (5) years. A designation may be renewed at the end of its initial term.

3.3.3 Designations under these regulations may be made pursuant to the Administrative Procedures Act, Chapter 42-35 of the General Laws of Rhode Island as amended. Such designations shall contain a brief description of the purposes for which they are being made.

3.3.4 Shellfishing and finfishing activity in a Management Area may be regulated by the Director by filing such regulation with the office of the Secretary of State. Such regulation shall take effect twenty (20) days following its filing. In case of emergency or imminent hazard found to require immediate action, the Director may issue

regulations governing the taking of shellfish or finfish in a Management Area to become effective without delay. Any regulation issued under this Section shall contain an explicit description of the nature of the emergency or imminent hazard giving rise to the regulation.

3.3.5 Until and unless modified pursuant to these regulations, all Management Areas previously established by the Department shall remain in effect.

3.3.6 The Director may, where he or she reasonably believes that a delay would adversely affect the public purposes sought to be served by Title 20 of the General Laws of Rhode Island and/or would pose a danger to the public health, act to open or close any area (whether or not previously designated as a Marine Life Management Area) within the coastal waters of the State of Rhode Island to the taking of any and all types of fish, lobsters, and shellfish. In determining whether to open or close an area pursuant to this regulation, the Director shall consider what effect, if any, would be occasioned by deferring the decision to open or close such area until the next meeting of the Council. If the Director opens or closes an area without awaiting the next meeting of the Council, he or she shall:

- (A) Immediately give notice, in writing, to the Council members of his/her action, and the basis thereof;
- (B) Immediately give notice of his/her action, in a newspaper of general circulation in the area to be affected thereby; and
- (C) Place his/her decision to open or close an area on the agenda at the next scheduled meeting of the Council, for its consideration.

#### **EFFECTIVE DATE**

The foregoing rules and regulations ~~of~~ Rhode Island Marine Regulations, Part III - Marine Fisheries Council, after due notice, are hereby adopted and filed with the Secretary of State this 12<sup>th</sup> day of November, 2014 to become effective 20 days from filing, unless otherwise indicated below, in accordance with the provisions of Title 20, Chapters 42.17.1, 42-17.6, and 42-17.7, and in accordance with Chapter 42-35-18(b)(5), Administrative Procedures Act of the Rhode Island General Laws of 1956, as amended.
