State of Rhode Island Division of Fish and Wildlife Commercial Dockside Sales
Logbook Instructions

You have received this logbook because you possess one of the Rhode Island Dept. of Environmental Management’s (RIDEM) dockside sales endorsements on your commercial fishing license. Possessing this endorsement effectively classifies the holder a commercial seafood dealer subject to additional reporting requirements. The information provided by this logbook report will be confidential and will assist us in making commercial fisheries management decisions. The Rhode Island Division of Fish and Wildlife (RIDFW) has designed this logbook to collect data from the sales of crustacean species at the dock. The following instructions have been compiled to assist commercial license holders in completing the State of Rhode Island Commercial Dockside Sales Logbook.

Reporting Requirements:

The following Rhode Island license holders are required by RIGL 20-2.1-4(d) & 20-4-5 to submit this logbook:

1. Dockside Sales endorsement holders (DOCKM, DOCKP, DOCKC)

Logbooks must be submitted quarterly according to the schedule below. A report is required for each month of the year. For months without dockside sales activity indicate the date range in the space provided at the bottom of the form. You may record more than one month on a sheet. You must sign and date each logbook sheet.
