**FORESTRY CONSULTANTS  
LIST**

This list of consultant foresters is provided to you for information only. The Division of Forest Environment (DFE) neither endorses any of the consultants listed, nor does it disapprove of other consultant foresters who may conduct business in Rhode Island, but who are not included on this list.

Consultant foresters charge fees for their services. They can provide many services that DFE foresters cannot. Selecting a consultant forester is much like selecting a doctor or an attorney; fees alone should not determine which consultant you select. You should select a consultant based on which one you feel will best meet your needs. Remember, the consultant is going to be working for you on your property.

The numbers below each consultant's name and address indicate the services they normally provide, and the letters indicate the geographic area(s) in which the consultant is willing to work.

The keys to both services provided and geographic areas served are described below.

*Programs and activities are available to all persons without regard to race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status.*
