Eligibility – Participant Status

I self-certify and attest that (initial each statement below):

_______ I am a resident of the State of Rhode Island.

_______ I am 18 years of age or older.

_______ I am currently engaged in the commercial lobster and/or Jonah crab fishery in Rhode Island.

_______ The state license holder or federal vessel permit has at least 20 landings of lobster and/or Jonah crab during 2019 - 2021 (all landings may have occurred in a single year).*

*In cases where there are less than 20 legal Rhode Island landings, and 1 or more of those landings is associated with a multi-day trip(s), Vessel Trip Reports and days fished from those trip(s) may be used.

Section 2

Gear Configuration

I self-certify and attest that my gear configuration is as follows (fill in the answers below):

Number of trawls: ____________________________________________

Number of traps per trawl: _______________________________________

Number of singles (if applicable): _________________________________

Average vertical line length (in feet): _______________________________

Gear Claim

If approved, would you like to receive line or links? (check one or both): LINE ☐ LINKS ☐

At this time, if you request line you will receive 3/8-inch braided Neocorp line with gray tracer. Additional weak line types are becoming certified and available and may be acquired outside of this program.

Directions: If you fish LCMA 2, fill out section A. If you fish LCMA 3, fill out section B. If you selected both line and links, you must fill out the two corresponding sub-sections under A or B.

If you selected both line and links, the number of trawls used to determine the amount of gear requested cannot exceed the number of trawls provided within the gear configuration section.
A. LCMA 2

If you selected line, calculate the amount of line using the following directions.

If you fish trawls:

\[
\frac{\text{Number of trawls}}{\text{Avg. vertical line length (ft.)}} \times 2 \times \frac{\text{Avg. vertical line length (ft.)}}{} \times 0.75 = \frac{\text{Requested line length (ft.)}}{}
\]

If you fish singles:

\[
\frac{\text{Number of traps}}{\text{Avg. vertical line length (ft.)}} \times \frac{\text{Avg. vertical line length (ft.)}}{} \times 0.75 = \frac{\text{Requested line length (ft.)}}{}
\]

If you selected weak links, calculate the amount of links using the following directions.

If you fish trawls with average vertical line length greater than 60ft:

\[
\frac{(0.75 \times \text{Avg. vertical line length (ft.)})}{60} \times \frac{\text{Number of trawls}}{\text{Number of weak links}}
\]

If you fish singles with average vertical line length greater than 60ft:

\[
\frac{(0.75 \times \text{Avg. vertical line length (ft.)})}{60} \times \frac{\text{Number of traps}}{\text{Number of weak links}}
\]

If you fish trawls with average vertical line length less than 60ft:

\[
\frac{\text{Number of trawls}}{2} = \frac{\text{Number of weak links}}{}
\]

If you fish singles with average vertical line length less than 60ft:

\[
\frac{\text{Number of traps}}{\text{Number of weak links}}
\]
B. LCMA 3

If you selected line, calculate the amount of line using the following directions.

\[
\frac{\text{Number of trawls}}{\text{Avg. vertical line length (ft.)}} \times 0.75 = \text{Requested line length (ft.)}
\]

If you selected weak links, calculate the amount of line using the following directions.

\[
\left( \frac{0.75 \times \text{Avg. vertical line length (ft.)}}{60} \right) \times \frac{\text{Number of trawls}}{\text{Number of weak links}} = \text{________________}
\]

Notification

RIDEM will notify all applicants regarding the Department’s decision regarding their application. That notification will be in the form of a Letter of Eligibility. Upon receipt of that letter, applicants will have a firm 15-day period during which they may appeal the Department’s decision. Given the importance of timely notification, select one of the following three options for how you wish to be notified (initial your preferred option):

_________ Notify me via certified mail

_________ Call me when my letter is ready. I will pick it up within three (3) days at RIDEM’s Division of Marine Fisheries, 3 Fort Wetherill Road, Jamestown, RI during regular business hours (M-F 8:30 am - 4:00 pm)

Section 5

Confidentiality

Information provided to RIDEM via this application process will be kept confidential, except for any information that may be subject to public disclosure, upon request, pursuant to the RI Public Records Act. Information or documentation pertaining to income, landings, and gear configuration is not subject to such public disclosure.

Section 6

Certification and Consent

By completing, initialing, and signing this affidavit and applying for assistance I:

A. Certify and attest that the sole purpose of the assistance is to implement lobster and Jonah crab fishing end line modifications or replacement.

B. Certify and attest to having the documentation/records to support the losses recorded on this form, that were used for the basis of eligibility. Further, I agree to maintain these
records for a period of no less than three (3) years after the close of the primary gear award and agree to make these records available upon request from the State of Rhode Island.

C. Consent to allowing RIDEM to use SAFIS data, VTRs, and dockside sales reports to verify the information contained in this application and waive any and all confidentiality pertaining to this information as it relates to this application.

D. Certify and attest, under the penalties of perjury, that information and representations set forth in and by this application are true, accurate, and complete.
