

# We Support Rhode Island's Open Space, Recreation, Bay and Watershed Protection Bond

We encourage all Rhode Islanders to vote yes on Question 8 on November 2, 2004.  
The Open Space, Recreation, Bay, and Watershed Protection Bond is good for Rhode Island.

It provides a \$70 million investment for:

- RIDEM to acquire and protect greenways, state parks and other open spaces.
- RIDEM farmland protection program which preserves the state's working farms.
- Open Space Grants to local governments and land trusts for protecting communities' priority open spaces and natural areas.
- Clean Water programs to restore Narragansett Bay and the state's waterways.
- Land acquisition to protect groundwater and public drinking water supplies.
- Recreation Development Grants to local governments for acquisition & development of parks.
- Roger Williams Park and Zoo
- Renovation of Fort Adams
